About Elena Nesterenko. My whole life I've been searching for ways to heal, mostly for myself. While working on it, I've been sharing my knowledge with the people around me. Family Constellations by Bert Hellinger is one of the treasures I've discovered. I am in this work for 6 years. My certificates are from Hellinger Institute of Toronto and Hellinger Scienza. I love this work and now I wish to share it with people who are also searching for answers to their own questions.
